

FAMILIES
EST 1992

FAMILIES

Yes it is an acronym and it means something.

Fathers And Mothers Illustrating Love In Everyday Situations

Who we are~

We are a father and mother committed to illustrating love in our everyday lives.

- **Our first commitment is to love the LORD our God**
with all our heart, soul and might and our neighbor as ourselves.
- **Our marriage is a covenant with one another.**
As we focus on the needs of each other we are rewarded with an enduring love.
- **Our children and grandchildren are gifts from God.**
We desire our home to be peaceful, fun, and filled with learning.

What we do~

we recognize the invaluable components of quality and continued service.

we negotiate with top craftsmen in the industry and pass the value on to you.

we offer a comprehensive experience, from choosing, to installation, to service after the sale.

we are here after the sale. With 30+ years in business you get longevity as a component of your purchase.

we know buyers have choices.

we say thank you for choosing FAMILIES as the place to source what you need for your family.

May our daily life witness encourage you to care for those in your sphere.

Like a tree...so are we.

**planted - either by choice or carried on wings of the wind,
maturing through the seasons, in every moment giving and receiving gifts.**

Growth - We've planted 30 trees and bushes, including 12 fruit trees. Makes you feel important like to plant and care for a tree. We've welcomed new grand babies, receiving the gift each bring to our family. Growing, expanding on multiple levels.

Warmth - Axe in hand Paul split and we stacked cords of wood. There is some good natured rivalry over who can split the big stubborn ones?! We are enjoying cozy time by the fire. Paul often quotes his Grandpa - 'Burning wood heats you more than once.' How many warms? plant it. water it. fell it. cut it. spit it. stack it. move it. carry it. light it. burn it. roast it. clean it.

Relationships - bring ongoing warmth, in the moment and in the memories. A weekend with family and friends revolved around a pond - kayaks, canoes, remote speed boats; ducks, turtles, fish; a hike around that ended in a full out sprint when some hikers got off the path and disturbed a nest of bees; an intense corn hole competition with the favored to win losers taking a mandatory swim in the murky lurky pond; sunrises, sunsets, stargazing. Over meals we interacted with Talking Point cards. Youngest to oldest we shared passions. desires. disappointments. ideas. next steps. 'Gramma, can I ask another card?' Of course. Asking and listening is the rhythm of deepening relationships.

Shelter - To date we have identified 105 different birds in our backyard, and counting. During Cousin Camp the cousins built neighboring forts, went on the creek hike and hung hammocks to the sound of the birds in the tree tops. A bird song reminds me to turn down the noise of my life to receive the gift of music. Referenced from the biblical text Zephaniah 3:17 we have this declaration: 'Take heart, for the Lord our God is living among you. A mighty savior. He will take delight in you with gladness. With love, He will calm all our fears, rejoicing over us with joyful songs. ' May our hearts be tuned to hear Him singing.

Like a tree - join us as we embrace the giving and receiving of the gifts in the moments that will be remembered.

Twila with Paul

outdoor furniture

Poly Furniture never needs to be painted or stained because it is built with recycled plastic that will not rot or splinter. The color will never wear off because it is embedded throughout the product. A UV protective agent keeps fading to a minimum. Poly furniture is not affected by most corrosive substances, and it will not promote bacterial growth

Cleaning is easy. Most dirt wipes away with nonabrasive soap and water or a soft bristle brush. Light colors may need to be cleaned more often than dark colors. In extreme situations, spray the furniture with nonabrasive cleaner and wash it using a high-pressure washer. Do not place the tip of the pressure washer closer than 8" - 12" from furniture or it may damage the poly lumber.

Limited Warranty. Our polyethylene outdoor furniture products are warranted to be free of original defects in workmanship and materials for 20 years of residential use or 5 years commercial use.

playsets

TIPS FOR CHOOSING A PLAYSET

OBERVE your children at a playground.

Do your children like to climb, swing, or play in a fort? By observing their play, you can choose a configuration that builds on their strengths. Your new playset will encourage them to achieve new skills and help grow strong bodies.

INVEST so your kids can grow into their playset.

When taking the time and money to invest in a playset, invest for the future. Your kids may not reach the monkey bars today. Give them some time and they will seek the challenge to cross that expanse.

ENJOY the fun.

FAMILIES provides installation as complimentary along with 50 FREE miles. Additional miles quoted. The site preparation is the home owner's responsibility and we need 5' – 8' wide access to your backyard.

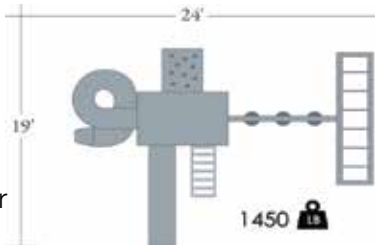

If you have any questions regarding your playset we are happy to help you plan your playground.

RESIDENTIAL LIMITED LIFETIME 20-YEAR & 5-YEAR WARRANTY

Star Quality Swingsets warrants to the original purchaser at the original installation address, that the structural components of the playground systems, such as the PVC plastic lumber and wood components are covered by a 20-year warranty. In addition all canopies, slides, metal components, swings and accessories are warranted for 5 years from date of original purchase.

Mulch and Border Options

When building a pad for your swingset for easy figuring add 10' to the dimensions listed.

Flexwall Border 6" H gray or tan per foot

Rubber Landscape Mulch

1 ton rubber mulch covers 300 sq ft at 3" depth

- un-dyed black per ton
- colors • blue • green • brown • red per ton

• PlaySafe Wood Mulch . . . per cubic yard
1 cubic yard wood mulch covers 25 sq ft at 8" depth

- landing pad . . .place under swings and slides
- weed barrier fabric/ft w/o mulch

playsets

DESIGN COMMERCIAL PLAYGROUNDS FOR

- PARKS • SCHOOLS • CHURCHES • HOA'S • BOROUGH'S • CLUBS

Provide opportunity for all ages and abilities. Outdoor play is essential for developing their critical thinking, problem-solving, and social skills. It is good to include activities and accessories that are appropriate for all age and skill groups.

Ensure safety standards and requirements. When building a pad for your playground we recommend a minimum 6' margin, referred to as a use zone. For easy figuring add 12' to the dimensions listed.

Consider maintenance. Vinyl construction will ensure that your playground remains durable and attractive for years.

TWIN TOWERS

Ages: 5-12 years | Child Capacity: 25-30 | Space Needed: 61' W x 38' D

shown in tan and green

Dimensions: tower set: 23' W x 24' D
swings: 9' W x 22' D

COMMERCIAL LIMITED LIFETIME, 20-YEAR & 5-YEAR WARRANTY

Subject to establishment use and proper installation by a certified Star Quality Installer.

Star Quality Swingsets warrants to the original purchaser at the original installation address, that the structural components of the playground systems, such as the PVC plastic lumber and wood components are covered by a 20 year warranty. All slides, roofs, metal components, swings and accessories are warranted for 5 years from purchase date.

Star Quality Swingsets products are not warranted for being suitable for any particular purpose. The suitability of the product is for the purchaser to decide. This warranty does not cover normal wear and tear, failure to properly maintain the product, or damage resulting from misuse or abuse of the product. Also any acts of nature such as lightning, storms, hurricanes, tornadoes, earthquakes or any extreme weather condition. Also any alteration, addition, or relocation of the product will void this warranty. Complete warranty document available on request.
